

WEB-APP - CHARTS

1) Click the rounded button to enter the edit mode

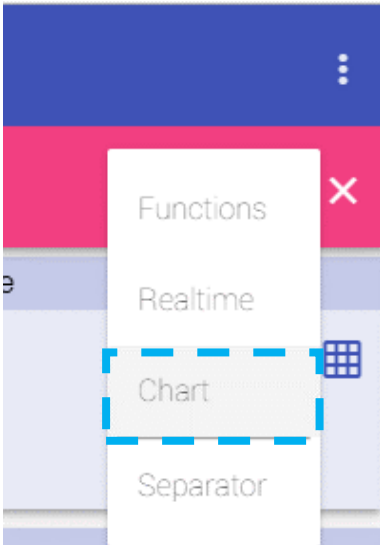

2) The edit bar will be shown in the top center of the page

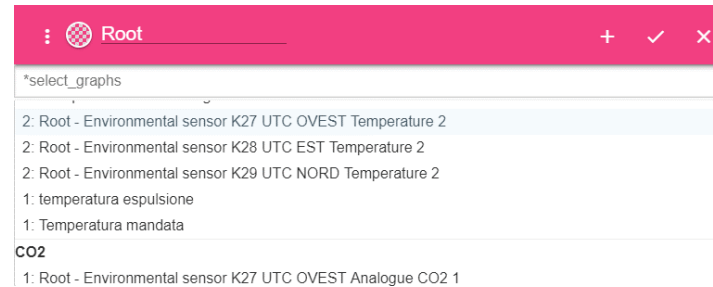

WEB-APP - CHARTS

How to create a chart

- 1) Click the  button to enter the edit mode and click on *Chart*

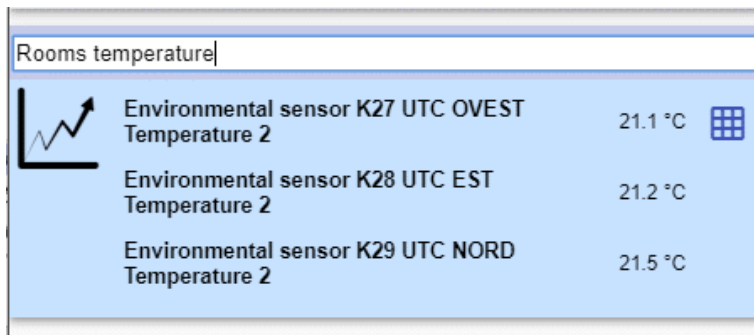

The available signals will be presented in the list, sorted by typology

- 2) Click on a signal row to add it to the Chart tile. The signals that have already been added are shown above the list of the signals (as shown below)

- 3) Enter the label for the *Chart* tile

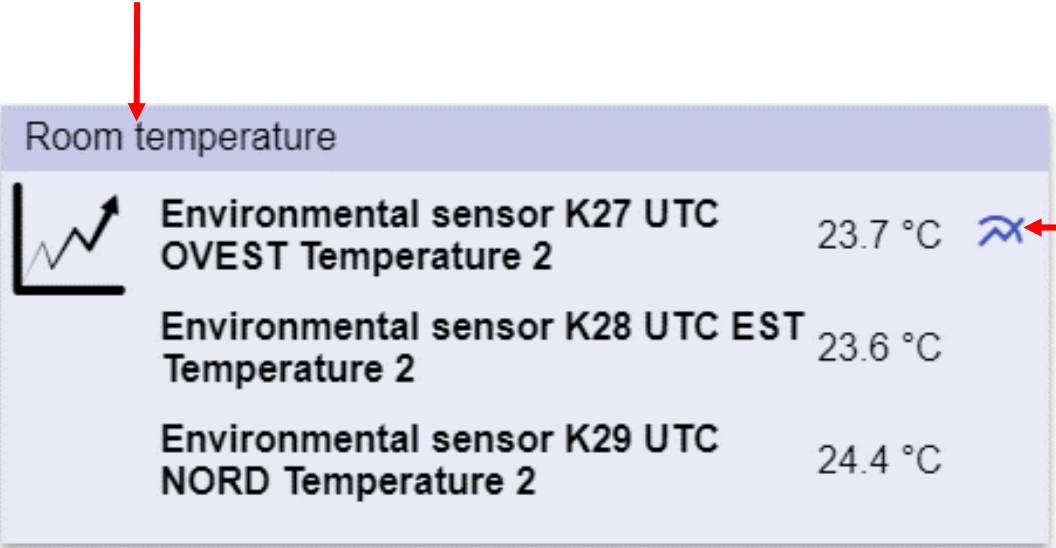

- 4) Click  to save the Chart tile

WEB-APP - CHARTS

Chart tile

Chart tile name

Click on the icon to access the chart page

The *Chart* tile shows the real-time value of the attached signals

WEB-APP - CHARTS

WEB-APP - CHARTS

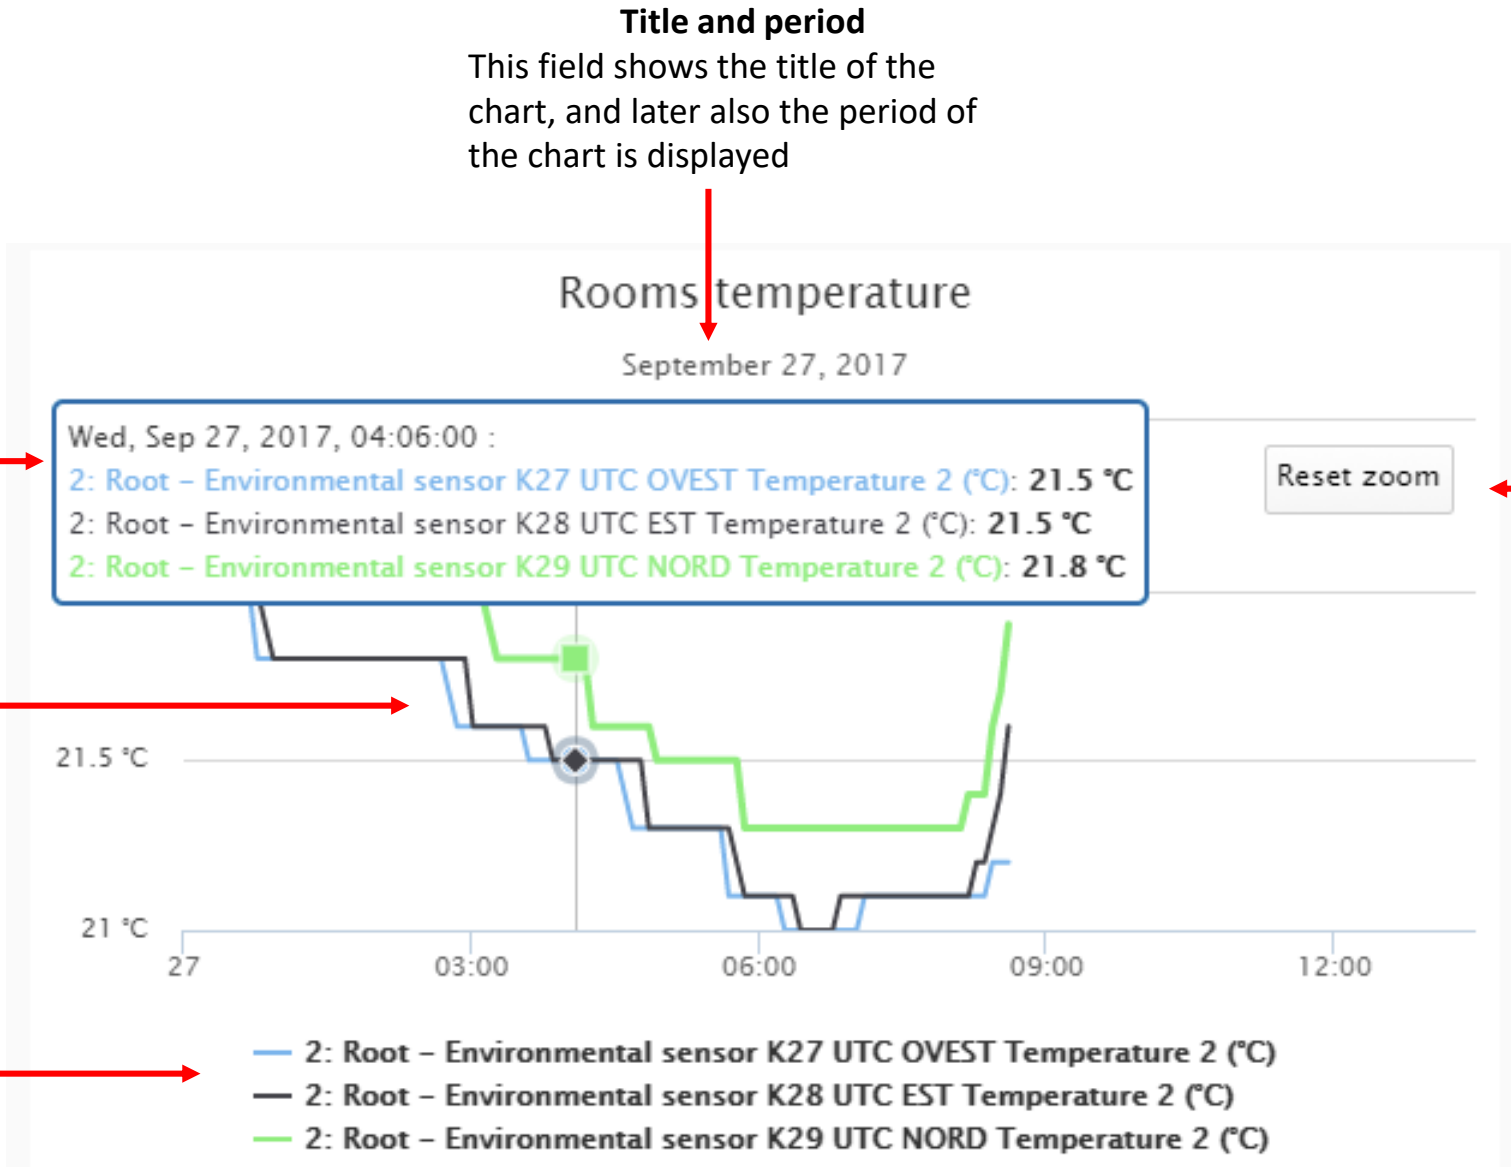

Chart area description

Title and period
This field shows the title of the chart, and later also the period of the chart is displayed

Tooltip
When hovering over a series or a point on the chart you can get a tooltip that describes the values on that particular part of the chart.

Series
This area presents on a chart the selected signals

Legend
The legend shows the data series in the chart and allows for enabling and disabling one or more signals.

Reset zoom

WEB-APP - CHARTS

Zooming gestures

Zooming with mouse

With a mouse pointer, the zooming is performed by dragging out a rectangle in the chart.

Zooming on smart-devices

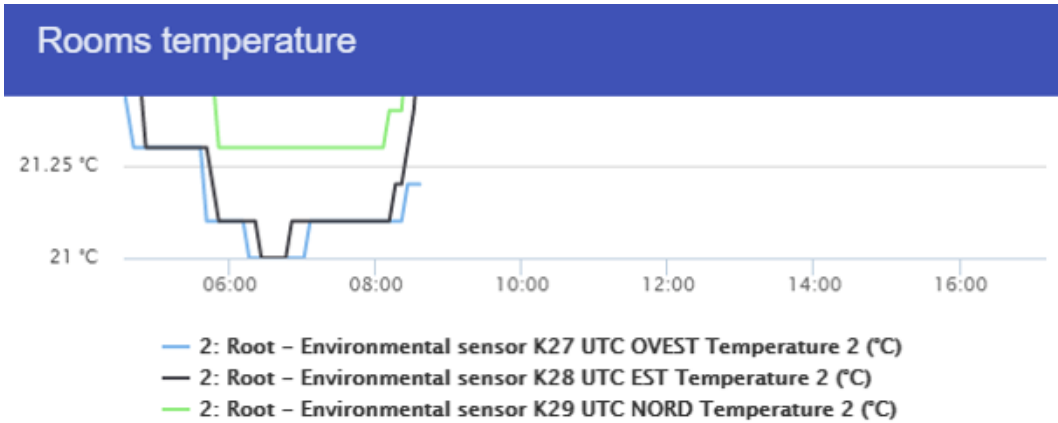

On touch devices, the user can zoom by pinching in the chart area. On these devices, the user may also move the zoomed area by panning with one finger across the chart.

Reset Zoom
The Reset zoom button will appear when a zoom IN or a Zoom OUT is performed by the user. Click the button to restore the default percentage

Build file

Clicking on the Build file button the Report file will be generated:

WEB-APP - CHARTS

1) The Report can be generated directly from the Chart, clicking on the Build file button

2) Click the Go to button to enter the Job page

3) The Job history page will show the list of Report files

The screenshot shows the 'Job history' page in the WEB-App. The page has a blue header with the text 'WEB-App' and a navigation menu with options: 'FTP/SMTP accounts', 'File tranfer settings', 'Customised requests', and 'Job history' (selected). Below the header is a table with the following columns: 'FEED NAME', 'START DATE', and 'FILE NAME'. The table contains several rows of report data.

FEED NAME	START DATE	FILE NAME
